### **SECTION III.**

*Please respond to the below prompts using no more than two pages.*

1. Please share how you foresee an internship at Gerard's House supporting your career goals?
2. In terms of your therapy experience with individuals, couples, children, families, and groups: In which area(s) do you feel most capable or comfortable?
3. Gerard's House interns take on advanced roles in direct service and administrative duties. What do you anticipate will be your greatest challenge in both of these areas? For example, particular issues with types of clients, types of loss, challenging feelings or interactions, comfort making phone calls, technical expertise and working in an office.
4. At Gerard's House we value the diversity of our group participants. How has your background and experience prepared you to be supportive of people with different lived experience than your own?
